

Organised by Wandsworth Stop the War Coalition

# WHAT'S THE REAL COST OF THE WAR?

Public meeting with:

**Alan Simpson MP**  
Labour Against the War

**Sami Ramadani**  
Iraqi Democrats Against the Occupation

**Walter Wolfgang**  
Vice President CND (ejected from Labour Party conference)

George Bush tells us that we are now participating in a *Long War*, with no end in sight. Many 1,000s have died, and hundreds of billions wasted on this bogus crusade.

Our government tells us that we are a poor country and must cut expenditure on pensions and hospitals. But if the money is there for an endless war, why isn't it there to spend on the things we actually need?

In the run up to the May elections, we invite you to come and discuss the real human costs of this illegal war. At the polls we'll have a chance to scare the wits out of our pro-war politicians.

**Monday 24th April at 7.30pm**  
At Wessex House, 1a St. John's Hill, Battersea.  
Opposite Clapham Junction station.
